EXPERIENCE

Full Stack Developer
Caphyon (RO, Craiova)
07/2019 - Present

- Worked with a dedicated team to create a B2B SaaS product, used in creating onboarding experiences (built with Vue.js, Node.js, MongoDB).
- Implemented, maintained, and optimized the front-end part of the app to improve performance and scalability.
- Collaborated closely with engineers and UX designers to implement 14+ features.
- Successfully launched 12 releases in an Agile environment.
- Attracted 10000+ visitors, generated 160 accounts, converted 50 to active users.

Game Designer
Electronic Arts (RO, Bucharest)
08/2016 - 12/2018

- Collaborated with a team of 200+ people from Romania, Sweden, and the UK, using Agile methodology.
- Worked on 2 AAA blockbuster games titles for Playstation, XBOX, and PC which sold more than 8 million units.
- Designed systems, built flow mock-ups, created game content, wrote documentation.
- Coordinated a team of 5 juniors to bring fun experiences to life by defining visual guidelines and reviewing their work.
- Organised knowledge-sharing sessions with peers.
- Won prizes in internal 48H game hackathons.

Game Designer
Ubisoft (RO, Craiova)
05/2013 - 08/2016

- Worked with a dedicated team of 30+ people from Romania and France on 4 mobile projects, using the Agile methodology.
- Helped launch 2 successful phone games enjoyed by 10 million players on iOS and Android.
- Designed systems, built flow mock-ups, created game content, wrote feature documentation.
- Collaborated with peers in internal hackathons.

EDUCATION

Computer Science
Faculty of Automation, Computers and Electronics
2015
Bachelor's degree
